

BLOOMSBURY BOARD OF EDUCATION

POLICY 7441 ELECTRONIC SURVEILLANCE IN THE SCHOOL BUILDING AND ON SCHOOL GROUNDS

Adopted: July 9, 2013

The Board of Education authorizes the use of electronic surveillance systems in the school building and on school grounds to enhance the safety and security for school district staff, pupils, community members, and other building occupants and to protect the school district's building and grounds.

The content produced by the surveillance system under certain circumstances may be considered a pupil record, in which it will be subject to the Board of Education policy and regulations regarding confidential pupil records. If the content of the surveillance system becomes the subject of a disciplinary proceeding, it shall be treated like other evidence in the proceeding, and the district declares such use to be a legitimate educational interest.

The following statement shall be posted in a prominent, public place in the building and on school grounds where electronic surveillance equipment may be used:

The Board of Education authorizes the use of electronic surveillance monitoring devices in the school building and on school grounds. Therefore, the school building and school grounds within this school district may be monitored using such devices in accordance with Board Policy.

In addition to posting, the district shall notify school staff members, parent(s) or legal guardian(s), and pupils that electronic surveillance may be used in the school building and on school grounds through publication in pupil and staff handbooks, school calendars, notice sent home with pupils, or any other effective means to publish the district's use of electronic surveillance equipment in the school building and on school grounds.
