 - a. That it is broadly construed in favor of expansive coverage, to the maximum extent permitted under the Act.
 - b. That it does not demand extensive analysis.
 - c. That it substantially limits one major life activity, but not necessarily other major life activities.
 - d. That it may be episodic or in remission, as long as the impairment would substantially limit a major life activity when active.
 - e. That it need not prevent, or significantly or severely restrict, an individual from performing a major life activity.
 - f. That it requires an individualized assessment which does not create an "inappropriately high level of limitation" and is based upon the conditions, manner, or duration under which the individual can perform the major life activity 42 U.S.C. 12102(4)(B).

- g. That it generally will not require scientific, medical, or statistical evidence (although such evidence can be required where appropriate evidence that can be considered may include statements or affidavits of affected individuals and school records).
- h. That the determination is made without regard to ameliorative effects of mitigating measures, except for the use of ordinary eyeglasses or contact lenses intended to fully correct visual acuity or eliminate refractive error. Non-ameliorative effects, such as the negative side effects of medication or a medical procedure, may also be considered.
- i. That the effects of an impairment lasting or expected to last less than six months can be substantially limiting for establishing a disability under the first two prongs: "actual disability" or "record of".

"Undue hardship" means an action requiring significant difficulty or expense when considered in light of factors which include: the nature and cost of the needed accommodation; the overall financial resources of the district or facility providing the reasonable accommodation; the size of the district with respect to the number of employees; effect on expenses and resources, or the impact otherwise of accommodation upon the operation of the facilities; and the type/location of facilities. 42 U.S.C. 126 §12111 (10)

B. General Requirements

1. Prohibitions Against Discrimination

a. Discrimination is prohibited against a qualified individual on the basis of a disability. Such individual will not be excluded from participation in or denied the benefits of district services, programs, or activities or be subjected to discrimination by the district in accordance with 28 CFR §35.130. The district must ensure that:

- (1) When services, programs, and activities are viewed in their entirety, they are accessible to and usable by individuals with disabilities; and
- (2) Access to services, programs, and activities is provided in an integrated setting unless separate programs are necessary to ensure equal benefits.

b. The district is not required to take any action that would result in a fundamental alteration of the nature of the program or activity or undue financial or administrative burden. However, claiming undue burden still requires the district to provide access through means that would not result in a fundamental alteration or undue financial or administrative burden.

2. Direct Threat - 28 CFR §35.139

- a. The district is not required to permit an individual to participate in or benefit from the district's services, programs, or activities when that individual poses a direct threat to the health or safety of others.
- b. To determine whether an individual poses a direct threat to the health or safety of others, the district must make an individualized assessment, based on reasonable judgment that relies on current medical knowledge or on the best available objective evidence to ascertain:
 - (1) The nature, duration, and severity of the risk;
 - (2) The probability that the potential injury will actually occur; and
 - (3) Whether reasonable modifications of policies, practices, or procedures or the provision of auxiliary aids or services will mitigate the risk.

3. Illegal Use of Drugs - 28 CFR §35.131

- a. The district will not discriminate on the basis of past illegal use of drugs against an individual who is not engaging in current illegal use of drugs and who:
 - (1) Has successfully completed a supervised drug rehabilitation program or has otherwise been rehabilitated successfully;
 - (2) Is participating in a supervised rehabilitation program; or
 - (3) Is erroneously regarded as engaging in such use.
- b. While the Act does not prohibit discrimination against an individual based on that individual's current illegal use of drugs, the district will not deny health services or services provided in connection with drug rehabilitation to an individual on the basis of that individual's current illegal use of drugs, if the individual is otherwise entitled to such services.
- c. The Act does not prohibit the district from adopting or administering reasonable policies or procedures, including but not limited to drug testing, designed to ensure that an individual who formerly engaged in the illegal use of drugs is not now engaging in current illegal use of drugs.

C. Personal Devices and Services

- 1. The district will permit individuals with mobility disabilities to use wheelchairs and manually powered mobility aids such as walkers, crutches, canes, braces, or other similar devices designed for use by individuals with mobility disabilities in any areas open to pedestrian use. 28 CFR §35.137
- 2. The district will make reasonable modifications to permit the use of other power-driven mobility devices by individuals with mobility disabilities unless the district can demonstrate that the power-driven device cannot be operated in accordance with legitimate safety requirements pursuant to 28 CFR §35.137. The district will not ask an individual using a wheelchair or other power-driven mobility device questions about the

nature and extent of the individual's disability. The district may require the individual to provide credible assurance that the device is required because of the person's disability.

3. The district is not required to provide individuals with disabilities personal devices, such as wheelchairs; individually prescribed devices such as prescription eyeglasses or hearing aids; readers for personal use or study; or services of a personal nature including assistance in eating, toileting, or dressing pursuant to 28 CFR §35.135.

D. Employment - 42 U.S.C. 126 §12112

1. Discrimination in Employment

- a. The Board will not discriminate against a qualified individual on the basis of disability in regard to job application procedures; hiring, advancement, or discharge; compensation; job training; and other terms, conditions, and privileges of employment.
- b. Applicants and employees working for or applying to work for the district who qualify for a job and are able to perform the essential functions of that job are entitled to reasonable accommodations provided that such accommodations do not pose undue hardship for the district.
- c. Nothing in the Act shall be construed to preempt, modify, or amend any State, county, or local law, ordinance, or regulation as outlined in N.J.A.C. 6A:32-4.1 et seq.
- d. The school district may not, on the basis of disability:
 - (1) Limit, segregate, or classify a qualified individual in a way that adversely affects his/her opportunities or status of such employee, applicant, or participant in a contractual or other arrangement;
 - (2) Utilize standards, criteria, or methods of administration that have the effect of discrimination on the basis of disability or perpetuate the discrimination of others subject to common administrative control;
 - (3) Exclude or otherwise deny equal jobs or benefits to a qualified individual because of the known disability of an individual with whom the qualified individual is known to associate or have a relationship;
 - (4) Fail to make reasonable accommodations to known physical or mental limitations of an otherwise qualified individual with a disability or deny employment opportunities to such qualified individual unless the district can demonstrate that the accommodation would impose undue hardship to district operations;
 - (5) Use qualification standards, employment tests, or other selection criteria that screen out or tend to screen out individuals with disabilities unless the standard, test, or other selection

criteria, as used by the district, is shown to be job-related for the position in question and consistent with business necessity; and/or

- (6) Select and administer tests concerning employment to otherwise qualified individuals who possess impaired sensory, manual, or speaking skills, unless done in an effective manner to ensure that, when such tests are administered to a job applicant or employee who has a disability that impairs sensory, manual, or speaking skills, the test results accurately reflect the skills, aptitude, or other factors such tests purport to measure rather than reflecting the impaired sensory, manual, or speaking skills of the employee or applicant (except where such skills are the factors that the test purports to measure).

2. Medical Examinations and Inquiries - (42 U.S.C. 126 §12112)

a. Pre-employment

- (1) Prohibited examination or inquiries:
 - (a) Whether such an applicant is an individual with a disability; or
 - (b) The nature or severity of such disability.
- (2) Acceptable inquiry:
 - (a) The ability of an applicant to perform job-related functions.

b. Employment Entrance Examinations

- (1) The district may require a medical examination after an offer of employment has been made to a job applicant and prior to the commencement of the employment duties of such applicant, and may condition an offer of employment on the results of such examination, if:
 - (a) All entering employees are subject to such an examination regardless of disability;
 - (b) Information obtained regarding the medical condition or history of the applicant is collected and maintained on separate forms and in separate medical files and is treated as a confidential medical record, except that:
 - i. Supervisors and managers may be informed regarding necessary restrictions on work or duties of the employees and necessary accommodations;
 - ii. First aid and safety personnel may be informed, when appropriate, if the disability might require emergency treatment; and
 - iii. Government officials investigating compliance with this Act, will be provided relevant information on request.

- (2) The results of such examination shall only be used in accordance with these provisions.
- c. Examination and Inquiry:
 - (1) Prohibited examinations and inquiries:
 - (a) The district will not require a medical examination and will not make inquiries of an employee as to whether such employee is an individual with a disability or as to the nature or severity of the disability, unless such examination or inquiry is shown to be job-related and consistent with business necessity.
 - (2) Acceptable examinations and inquiries:
 - (a) The district may conduct voluntary medical examinations, including voluntary medical histories, which are part of an employee health program available to employees in the district.
 - (b) The district may make inquiries into the ability of an employee to perform job-related functions.
- 3. Defenses - 42 U.S.C. 126 §12113
 - a. Qualification Standards
 - (1) It may be a defense to a charge of discrimination under the Act that an alleged application of qualification standards, tests, or selection criteria that screen out, tend to screen out, or otherwise deny a job or benefit to an individual with a disability has been shown to be job-related and consistent with business necessity, and such performance cannot be accomplished by reasonable accommodation, as required under the Act.
 - (a) The term "qualification standards" may include a requirement that an individual will not pose a direct threat to the health or safety of other individuals in the workplace.
 - (b) Notwithstanding 42 U.S.C. 126 §12102 (4)(E)(ii), the Board will not use qualification standards, employment tests, or other selection criteria based on an individual's uncorrected vision unless the standard, test, or other selection criteria, as used by the covered entity, is shown to be job-related for the position in question and consistent with business necessity.
 - b. Infectious and Communicable Diseases
 - (1) In any case in which an individual has an infectious or communicable disease included on the list developed by the United States Secretary of Health and Human Services in accordance with the Act, and which cannot be eliminated by reasonable accommodation, and that is transmitted to others through the handling of food, the Board and its

administration may refuse to assign or allow such individual to continue to work in a job involving food handling.

c. Illegal Use of Drugs and Alcohol - 42 U.S.C. 126 §12114

- (1) An individual with a disability shall not include any employee or applicant who is currently engaging in the illegal use of drugs, with exceptions noted in section B.3. of this Regulation.
- (2) The Board will hold an employee who engages in the illegal use of drugs or who is an alcoholic to the same qualification standards for employment or job performance and behavior as other employees, even if any unsatisfactory performance or behavior is related to the drug use or alcoholism of such employee.

d. Drug Testing

- (1) For the purposes of the Act, a test to determine the illegal use of drugs will not be considered a medical examination.
- (2) No provision of the Act shall be construed to encourage, prohibit, or authorize the conducting of drug testing for the illegal use of drugs by job applicants or employees or making employment decisions based on such test results.

E. Program Accessibility

1. Discrimination Prohibited

- a. Except as otherwise provided in 28 CFR §35.150, no qualified individual with a disability will, because the district's facilities are inaccessible to or unusable by individuals with disabilities, including inside or outside access to such facilities, may be excluded from participation in, or be denied the benefits of the services, programs, or activities of the district, or be subjected to discrimination by the district.
- b. The district will maintain facilities and equipment required by the Act to be readily accessible to and usable by individuals with disabilities. This provision does not prohibit isolated or temporary interruptions in service or access due to maintenance or repairs. 28 CFR §35.133
 - (1) In regard to existing facilities, the district will operate each service, program, or activity so that the service, program, or activity, when viewed in its entirety, is readily accessible to and usable by individuals with disabilities.
 - (a) The district is not required to fundamentally alter the nature of a service, program, or activity, or assume undue financial or administrative burdens, or take any action

threatening the historic significance of a historic property and has the burden of proving that compliance with the Act would result in such alterations or burdens.
28 CFR §35.150(a)

- (b) Should the Board and Superintendent of Schools or his/her designee determine, after considering all resources available, that compliance would result in such alteration or burden, a written statement of reasons must accompany such a determination.
- (c) The Board will take any other action, including, but not limited to redesign or acquisition of equipment, or reassignment of services or staff, that would not result in such alteration or burden, but would, nevertheless, ensure that individuals with disabilities receive the benefits/services provided by the district.

(2) In regard to new construction and alterations, each facility or part of a facility constructed by, on behalf of, or for the use of the district will be designed and constructed in such manner, in accordance with 28 CFR §35.151, that the facility or part of the facility is readily accessible to and usable by individuals with disabilities.

- (a) Full compliance with the requirements of 28 CFR §35.151 is not required where the district can demonstrate that it is structurally impracticable to meet the requirements.
- (b) If providing accessibility in conformance with 28 CFR §35.151 to individuals with certain disabilities (e.g., those who use wheelchairs) would be structurally impracticable, accessibility shall nonetheless be ensured to persons with other types of disabilities, (e.g., those who use crutches or who have sight, hearing, or mental impairments) in accordance with 28 CFR §35.151.

F. Communications - 28 CFR §35.160

 - a. Auxiliary aids and services will be provided in accessible formats, in a timely manner, and in such a way as to protect the privacy and independence of the individual with a disability.
 - b. The district will not require an individual with a disability to bring another individual to interpret with a disability. The district will not rely on an adult accompanying an individual with a disability or on a minor child to interpret or facilitate communication, except in an emergency involving an imminent threat to the safety or welfare of an individual or the public where there is no interpreter

available; or where the individual with a disability specifically requests that the accompanying adult interprets or facilitates communication, the accompanying adult agrees to provide such assistance, and reliance on that adult is appropriate under the circumstances.

3. Where the district communicates by telephone with applicants and beneficiaries who are deaf, hard of hearing, or who have speech impairments, text telephones (TTYs) or equally effective telecommunications systems equipped with emergency service access will be used to communicate, in the same time and manner as with other telephone systems (including automated systems). 28 CFR §35.161
4. The district will ensure that interested persons, including persons with impaired vision or hearing, can obtain information as to the existence and location of accessible services, activities, and facilities, including signage at all inaccessible facility entrances. 28 CFR §35.163
