Dear Parents:

The New Jersey State Department of Education Guidelines For Administering Medications At School requires a parent signature for the dispensing of any medication to students. If you would like your child to receive any of the following over the counter medication(s), on an as needed basis, please complete and return this form for our files. This will enable us to better serve your children. A note will be sent home with your child if he/she receives Tylenol or ibuprofen during the school day.

If you have any questions, please don't hesitate to contact me.

Sincerely,
Katie Scuderi, BSN, RN, NJ-CSN
